4 Norcool Corner Fridge

Supersized 1161 litres capacity

3m² shelf space

Elegantly integrated into your kitchen

Norcool Corner Fridge

The Norcool Corner Fridge is the ultimate cooling appliance. Its revolutionary design maximises the most awkward space in your kitchen - the corner. Its super-sized 1161 litre capacity - that's over four times larger than a standard-sized fridge, makes it one of the biggest domestic single-cavity fridges you can buy. A flexible design means the Corner Fridge can be free standing or built into your existing kitchen for an extra-sleek finish. With its quiet operation, massive storage capacity and easy installation, this really is the king of cooling appliances.

AWARD FOR DESIGN EXCELLENCE
NORWEGIAN DESIGN COUNCIL

Capacity for approx. 55 standard 75 cl wine bottles

Norcool Cave 55 Wine Drawer

Norcool Cave 55 is a wine cooling system for serious wine lovers. Its built-under big-capacity design features a specially created soft-close drawer system for easy access. This makes wine selection an effortless and enjoyable process. Its large internal capacity allows the connoisseur to store up to approximately 55 standard 75 cl bottles of wine, using two temperature zone technology to select your required temperature, creating the perfect drinking temperatures for red and white wine.

The Cave 55 won the Award for Design Excellence from the Norwegian Design Council.
